RE: Sequenom Labs - MaterniT21 Plus Test

Dear Culinary Provider:

Please be advised that the above referenced genetic test requires prior authorization and the following criteria must be followed:

The member has ONE or more of the following indications:

- **Advanced maternal age = 35 years or older at expected time of delivery**
- **Previous pregnancy with a trisomy**
- **Positive conventional prenatal screening test**
- **Fetal ultrasound findings indicating an elevated risk of aneuploidy**
- **Previously identified chromosome 21, 18, or 13 translocation in self or partner**

Testing is accompanied by genetic counseling.

Prior authorization can be obtained by contacting Nevada Health Solutions at (702) 216-1653 or via fax at (702) 691-5614.

If you have any questions, please contact Healthcare Services at (702) 892-7313, option 2 or email to healthcareservices@culinaryhealthfund.org.

Sincerely,

Culinary Health Fund
