

Culinary Pharmacy can send Text and Email with important updates about your medications!

1. The pharmacy staff will enroll members at the pharmacy.
2. Patients may receive these messages via E-mail or text messaging.
3. Members can choose to receive four different message types from the pharmacy.
 - **Pick-Up Messages**-This will alert when medicine is ready to be picked up.
 - **Pick-Up Reminders**-This alert will message the patient every 3 days, as a reminder to pick up ready medications.
 - **Refill Reminders**-This alert will remind the patient when eligible prescriptions are eligible to be filled.
 - **STAT messages**-These alerts are sent directly from the pharmacy staff to notify the patient about any issues with filling their prescription.
